25 "LEAP MONTH" The calendar year used in the Bible consists of 12 months of 30 days each. This is why 1260 days = 42 months = 3.5 years. When such a system is used, the year is only 360 days long, making it necessary to add 1 extra month every 6 years in order to stay in line with the seasons. Because Daniel's 70th Week will consist of 7 years, it will consist of 85 months of 30 days each, since 84 months would come short of 7 Biblical years.

34 LEVITICUS 23:24 Just as the Antichrist will

set up the Abomination of Desolation at the midpoint of the 70th Week and begin his war on the saints, there is a blowing of trumpets at the midpoint of the Hebrew year. The blowing of trumpets was also used in the Old Testament to signify warfare with an oppressive enemy (NUMBERS 10:9, 31:6).  
35 LEVITICUS 25:9-10 Ten days after the midpoint of the Hebrew year, the Day of Atonement takes place. In the year of Jubile, the trumpet will sound on that day. The 10th day of the 7th month corresponds exactly with the 1335th day of

Daniel's 70th Week (1335 ÷ 7 = 190.71 The 10th day of the 7th month is the 190th day of the year. Divide by 7 since we are only dealing with a single calendar year as opposed to the 7 years of Daniel's 70th Week). On that day, the trumpet will sound, and we will be caught up together in the clouds to be with the Lord eternally (1 THESS 4, 1 CORINTHIANS 15:52).  
36 REVELATION 2:10 Although the Great Tribulation will last for 75 days, the time from the midpoint of the Hebrew calendar to the 10th day of the 7th month is 10 days.
